

## REINFORCED HEALTH PROTOCOL

An alcoholic hydrogel is available in all public spaces.

We disinfect all contact areas several times a day, such as door handles, window handles, switches, payment devices, reception desk, etc.

A health officer has been appointed as part of the fight against Covid-19, and all of our staff are trained in barrier gestures and new operating modes to ensure everyone's safety and comfort.

The barrier gestures are recalled by display in all public spaces to invite everyone to respect them for everyone's health.

The brochures and other supporting documents have been removed from our rooms and public spaces in order to limit multi-user contacts. You will find our menus, a presentation of the equipment as well as the health and safety instructions digitally via a QR code.

The capacity of the restaurants, the beach, and the swimming pool are also limited to respect the rules of physical distance.

For your protection and for our employees, plexiglass protection has been installed in the entire reception area.

After every departure, our rooms and suites are disinfected according to a strict protocol with certified materials and products. Your room will be cleaned on request during your stay and during your absence to ensure your safety and that of our staff.
